| Blackthorn Primary School | Becca Williams | 5 th March 2021 |

Northampton Primary Academy Trust values the health and safety and well-being of its pupils, staff, volunteers and their families and we want to ensure that we keep them all as safe as possible during the Covid-19 pandemic.

The purpose of this risk assessment is to mitigate the risk associated with the wider opening of schools, in March 2021, and members of the Risk Group becoming infected with Covid-19 by attending school. It has been developed based on government guidance which is identified throughout the document for further reference. It has been developed based on current government guidance (March 2021), which is identified throughout the document for further reference.

This risk assessment and wider opening guidance has been developed on best available scientific and government guidance along with industry best practice, information and should be read in conjunction with the following guidance documents, this document cannot be considered to cover every risk and control possible and must be reviewed and made specific by the end user.

Please personalise this risk assessment for your school paying particular attention to do the following:

- Add any Risk Mitigation Measures and Actions Required for your school
- Identify who the Action Owner is if not the role identified
- Action owner can delegate actions to other staff but Action Owner maintains responsibility for it
- Blue areas are updates from new guidance March 2021.
- Modifications from the January RA for reference.

If you have any queries regarding this assessment, please contact the NPAT Central Team.
